A Sea of Change

Sustainably Harvested. Humanely Sourced

Seafood Exporters Association of India

Celebrating 50 remarkable years of promoting excellence, innovation and global leadership in the seafood industry, the Seafood Exporters Association of India-SEAI, India's premier non-governmental organization representing the seafood export sector, is poised to commemorate its Golden Jubilee with a series of landmark events and initiatives.

The organization aims to provide a platform for the leaders of the seafood industry; its policy makers, exporters and other key stakeholders, to showcase progress, reaffirm organizational commitment and outline future strategies.

SEAI remains steadfast in its commitment to sustainable practices, continuous innovation and a humane approach to rigorous quality control. These pillars play a vital role in fortifying India's standing in the international seafood market.

The India International Seafood Show

The India International Seafood Show (IIS) is one of Asia's largest and most prominent seafood trade fairs, offering a comprehensive platform that spans the entire Indian seafood value chain.

Organized by the Seafood Exporters Association of India (SEAI), this biennial event brings together producers, processors, exporters, importers, machinery manufacturers, technical experts and stakeholders from across the globe.

The Indian Seafood Industry An Overview

- A global leader in seafood exports, India currently supplies to 132 countries around the world.
- India's seafood export turnover reached USD 7.39 billion in the last financial year. With a target of USD 15 billion by 2030, we have a projected growth rate of over 100% in the next 6 years.
- Supporting the livelihood of over 30 million fishers and fish farmers, the fisheries sector plays a vital role in the nation's economy.
- Aligning with global best practices, the IIS shows India's commitment to safe, sustainable and innovative seafood production.

Key Highlights of the Seafood Show

Exhibition Stalls: a showcase of India's aquaculture, seafood processing capabilities and the latest technological advancements.

Networking Opportunities: connect with over 2500 business delegates, including representatives from 12+ countries and all major segments of the seafood industry.

Technical Sessions: engage with leading scientists and industry experts on trends, innovations and sustainability in seafood production.

Tasting Sessions: delight your taste buds with the rich diversity of Indian seafood, while discovering exciting business opportunities.

Strategic Advantages

For Buyers: new supplier discovery, high quality product sourcing and lucrative investment opportunities in one of the world's fastest growing seafood markets.

For Exporters & Entrepreneurs: showcasing products and services, connecting with international buyers and gaining insights into the latest industry trends.

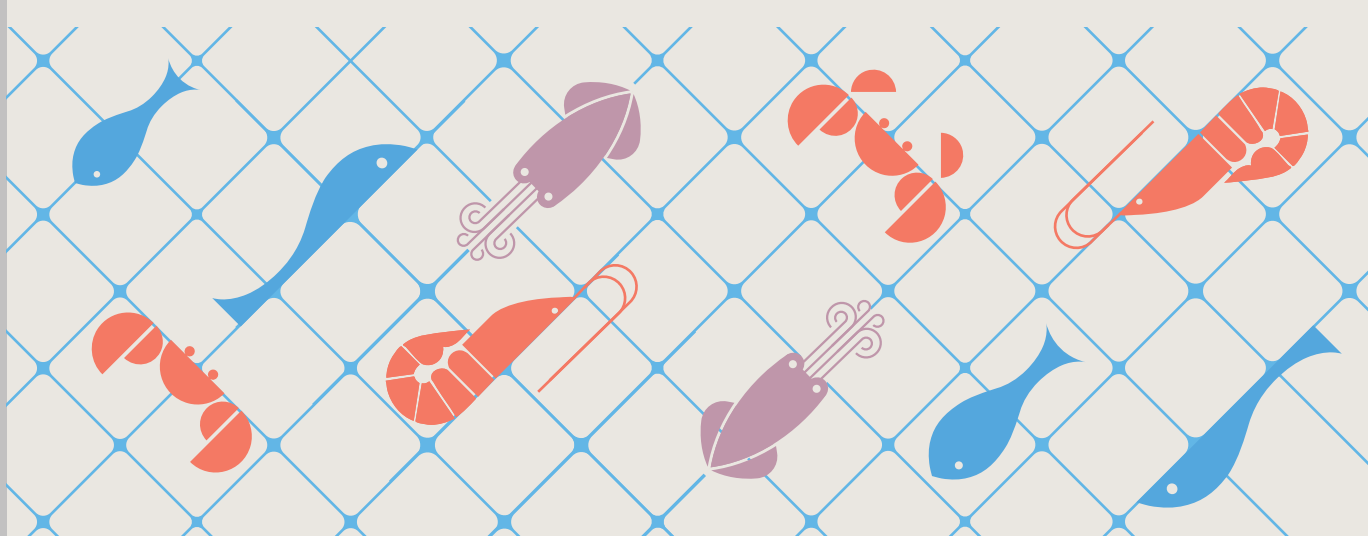

For Industry Professionals: gain valuable insights from technical sessions, explore cutting-edge technology and network with industry peers from around the world.
